Wearing a face covering

1. A cloth face covering should cover your mouth and nose while allowing you to breathe comfortably. It can be as simple as a scarf or bandana that ties behind the head

2. Wash your hands or use hand sanitiser before putting it on, taking it off and after use. Avoid touching your eyes, nose and mouth at all times and store used face coverings in a plastic bag until you have an opportunity to wash them

3. Do not touch the front of the face covering or the part of the face covering that has been in contact with your mouth and nose. Once removed, make sure you clean any surfaces the face covering has touched

4. You should wash a face covering regularly ay 60°. It can go in with other laundry, using your normal detergent

5. When wearing a face covering, take care to tuck away any loose ends
